ENERGY BONE Conduction sports headphones

COMBINE MOTIVATION AND SECURITY

Discover the ENERGY BONE sports headphones, your infallible ally for unrivaled performance!
The ENERGY BONE headphones, essential for taking your training to another level. With the bone conduction structure, enjoy your music while remaining open to the world around you and the dangers you may encounter. The sound is transmitted by vibration through the temporal bone, directly to the inner ear. Result: you benefit from clear sound in any environment, and your ears remain free to be aware of what is around you.
With their ergonomic neckband design and ultra-light weight, they offer optimal comfort and stay in place during your most intense workouts.
With IPX4 certification, they are resistant to splashes, sweat and rain. Train without constraints, whatever the weather conditions, these headphones accompany you in all your efforts. The intuitive integrated controls allow you to easily control music and calls, while the battery ensures uninterrupted listening for 12 hours!
Don't let anything stop you, enjoy your music to the fullest with the ENERGY BONE headphones.
