Electric Kids Scooter **K100**

Smart NAVEE APP Control

The NAVEE APP puts safety in parents' hands:

Max Speed Limits: Set and adjust the maximum speed based on age and skill.
Lighting Control: Manage lights remotely.
Smart Alerts: Get instant notifications for low battery or system issues.

Flexible Riding with 3 Modes

Double-click the power button to switch modes:

Standard (D): 12 km/h – safe daily ride.
Sport (S): 16 km/h – faster for experienced riders.
Power-Assist (E): 16 km/h – kick-start with a smooth boost that helps kids ride with less effort and more fun.

16km/h Max. Speed, 14km Max. Range

The K100 grows with young riders, featuring a smooth 130W motor and 5% incline capability. It offers up to 14 km range at 12 km/h (30 kg) or 9 km at 16 km/h, delivering reliable power and lasting fun.

7-inch Inner Hollow Tires

Equipped with maintenance-free, puncture-proof 7-inch hollow tires, the K100 is designed specifically for kids. These tires glide smoothly over sidewalks, gravel, and uneven pavement, ensuring a comfortable and worry-free ride.

Safety Brake System with Child-Sized Lever

An easy-to-use drum brake with a smaller lever tailored for little hands makes stopping smooth and safe. This setup helps kids build confidence whether riding on sidewalks or streets.

4" Interactive LED Display

A vibrant 4-inch screen shows speed, battery level, and riding mode with cartoon weather icons, making safety info clear and fun.

RGB Ambient Light

The K100 adds fun to every ride with dynamic RGB lights that automatically change colors and patterns as kids move. They also enhance visibility in low light for added safety.

Trusted Quality

The K100 is built to last, with an IPX4-rated body and IPX7 battery compartment. It's tested over 3,000 km and 100+ drops for proven durability. Soft TPR handlebar grips and a no-pinch, edge-free frame offer safe, kid-friendly comfort.
