NAVEE XT5 Series

Max 2200W Powerful Drive

The XT5's 2200W motor crushes dirt, rocks, and steep slopes with ease. Hit speeds up to 45km/h and stay in control—on any terrain.

Boost Mode

Hit the red button in Sport Mode to activate Boost and feel instant power.

Dual-side Arm Damping Spring Suspension

The XT5 redefines off-road resilience, zero bottom-out incidents even at max load. With max 60mm of suspension travel , the XT5 eats up potholes, gravel, and curbs like a tank.

Diamond-Cut Off-Road Design

With sharp lines and bold red-black styling, the XT5 looks as tough as it rides. Silver accents add a sleek, modern edge.

Longer Range No Compromise

With high safety lithium battery, XT5 Ultra and Max range up to 110km, XT5 pro 75km range ride. Enough for multi-day adventures or extended city commutes.

External battery for Extra 50km Adventure

468Wh plug-in battery connects directly to the XT5's power system, It works together with the built-in battery, shares power intelligently.

Flash Charge

½ the wait — NAVEE Flash Charge cuts charge time in half versus conventional chargers.

5-Inch LED Display

5-inch LED full-color display presenting all critical ride data—speed, battery level, remaining range etc.

Triple-Brake System

XT5 combines dual 130mm disc brakes and rear EABS assist shortens stopping distance to just 6.3m from 25km/h.

Advanced Lighting System

Mecha-Style NAVEE Logo Light. Integrated E-mark indicators and high-Intensity tail light providing clear, confident signaling on roads and trails.

12-Inch Offroad Tubeless Tires

Larger Footprint enhanced ground contact for better stability. Low Rolling Resistance, reduce energy loss, extending range.

Smarter NAVEE APP

The upgraded NAVEE App puts full control at your fingertips. Adjust energy recovery, lock settings, lights, and more—all in one place.

9W Auto-Sensing Headlight

The XT5's 9W smart headlight lights up automatically in the dark.

High-Strength Carbon Steel Frame

Built from QsTE 420 car-grade steel frame handles up to 150kg

Dual-Channel Find My Integration

Supports Find My, so you can locate it even when it's offline or powered off. Google Find My Device support is coming soon via OTA update.

IPX6 Waterproof Protection

built to handle heavy rain, deep puddles, and even high-pressure water jets

Energy Recovery System

Energy is recovered during braking or deceleration, helping to extend the scooter's overall range.

NAVEE Flylock

Once paired via Bluetooth, the scooter will unlock when the paired device is nearby and lock via app.
